

# PLEASE STOP AND READ THIS IMPORTANT MESSAGE:

NorthWestern Energy has scheduled a planned power outage will take place in Livingston beginning at 9 a.m. Aug. 27. The outage will last several hours and will impact residential and commercial customers.

## **OUTAGE DETAILS:**

**WHEN:** August 27, 2019

**START TIME:** 9 a.m.

**OUTAGE DURATION:** Several hours

**AFFECTED AREA:** The planned power outage on Aug. 27 will impact customers on the southside of Livingston including: all customers on the east side of the Yellowstone River along Meyers Lane, to the west to West Park Street/US Highway 89 and Strong Lane; customers to the north to West Park Street and North 9th Street; customers east to the alley between South 9th Street and South 10th Street South; customers from West Park Street to West Geyser Street; and customers from the alley between 8th Street and 9th Street from West Geyser south to West River Drive. The planned outage on Aug. 27 will not impact customers sharing the alley between South 12th Street and South 11th Street from West Park Street to West River Drive.

This outage will allow company line crews to safely perform local system work. The upgrade is needed to accommodate current and forecasted growth in the Livingston area. It will increase service reliability for NorthWestern Energy's customers.

NorthWestern Energy apologizes for any inconvenience this planned outage may cause, and if you have any questions or concerns, please call Heather Bellamy at **406-570-2092**.
